DOE-1092-98

Mr. Tom Schneider, Project Manager  
Ohio Environmental Protection Agency  
401 East 5<sup>th</sup> Street  
Dayton, Ohio 45402-2911

Dear Mr. Saric and Mr. Schneider:

### TRANSMITTAL OF REVISED 1 PROJECT SPECIFIC PLAN AND CHANGE PAGES TO THE CERTIFICATION DESIGN LETTER FOR AREA 1, PHASE I SEDIMENT TRAPS 2 AND 3

Reference: Letter C:OOTP:98-0338, J. C. Bradburne to J. R. Craig, "Transmittal of the  
Revised Certification Design Letter and Project Specific Plan for Area 1,  
Phase I Sediment Traps 2 and 3," dated July 20, 1998.

As stated in the Certification Design Letter (CDL) and Project Specific Plan (PSP) for Area 1,  
Phase I (A1PI) Sediment Traps 2 and 3, the Area-Specific Contaminants of Concern (ASCOC)  
included the Poly-Chlorinated Biphenyl (PCB) Aroclor-1260. The ASCOC list was the standard  
list from A1PI, however, only select Certification Units (CU) were certified for PCBs.  
Figure 1 (enclosed) shows the A1PI CUs analyzed for Aroclor-1260, and the location of  
Sediment Traps 2 and 3. The revised PSP and change pages for the CDL remove  
Aroclor-1260 from the ASCOC list for Sediment Traps 2 and 3 for the following reasons:

- No PCBs were detected in the certification samples analyzed for A1PI.
- There is no surface water drainage from potentially PCB contaminated areas to the sediment traps.
- Review of historical data shows no PCB detects in the area.

Mr. James Saric  
Mr. Tom Schneider

-2-

SEP 15 1998

Upon concurrence, PCB samples will not be collected or analyzed as part of this certification effort.

If you have any questions, please contact Robert Janke at (513) 648-3124.

Sincerely,

Johnny W. Reising  
Fernald Remedial Action  
Project Manager
